

# REELSM@RT™ for HFOC Universal Drops

Drop cable sold separately

## FEATURES & BENEFITS

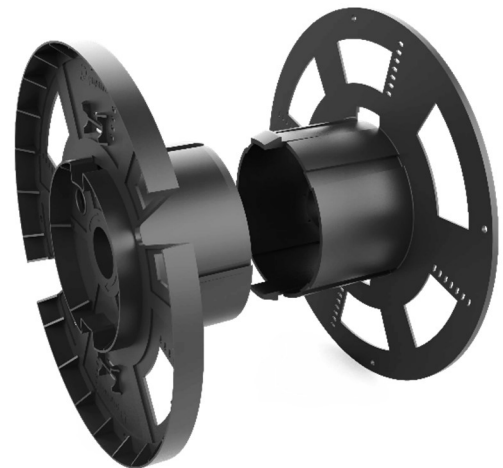

- Intuitive design and easy to use
- Light but robust at the same time
- Fully compatible with Prysmian HFOC Universal Drops
- Eliminates cardboard packaging waste
- Made of recyclable material

## Product Description

ReelSm@rt™ is a sustainable solution that has two innovative flanges that can come apart to facilitate the addition of a cable coil into the reel. The ReelSm@rt™ can then be reassembled to enable a quick and easy 1-person install of HFOC Universal Drops.

Its clever design provides the means to deploy loose coils of HFOC Universal Drops while working around the typical challenges installers face in the field with lead in cables.

ReelSm@rt™ has a positive impact on the installers' work as well as our planet by eliminated cardboard packaging.

## Product Specifications

### Technical data

Specifications	Measurement
ReelSm@rt™ Dimensions (diameter x barrel x traverse)	440mm x 200mm x 120mm
ReelSm@rt™ Weight	3.30kg
